

LENCO TRIM TAB SELECTION GUIDE

3 EASY STEPS TO FIND YOUR TRIM TAB SYSTEM KIT

step 1

Choose the appropriate minimum transom height of your motor boat.

step 2

Choose the appropriate overall length of your motor boat.

step 3

Choose your desired trim tab L" x W" from the available choices.

All boat configurations are different. Using this selection guide, choose the largest trim tab that fits your particular boat. For additional information visit www.lencomarine.com
