inReach SE

THE SATELLITE COMMUNICATOR THAT SENDS AND RECEIVES MESSAGES ANYWHERE IN THE WORLD.

inReach SE from DeLorme. The next-generation of the groundbreaking, award-winning satellite communicator that both sends and receives text messages – all from one device in the palm of your hand. Give your family and friends peace of mind knowing you can be tracked, reached and rescued anywhere in the world. And with access to our unlimited, downloadable topographic maps, you can pair your inReach SE with your smartphone or tablet and always know exactly where you are.

Trigger an SOS and communicate back and forth with GEOS, our 24/7 search and rescue monitoring center.

Adjustable tracking intervals from 2 minute to 4 hours allow you to track your trip and share your location, including GPS coordinates, elevation and speed.

Send and receive 160-character text messages with GPS coordinates to cell numbers or email addresses worldwide and post updates to social media all from one device.*

Pair it with your mobile device to access downloadable topographic maps and NOAA charts and make communication with family and friends even easier.

Directly contact the BoatUS 24-hour dispatch service for assistance.

Provides 100% global coverage through the Iridium satellite network.

inREACH SE: HOW IT WORKS

EASY TO USE HOMESCREEN

Easily access and view on-screen messages, tracking information, subscription data usage and user settings.

CONVENIENT 160-CHARACTER MESSAGING

Send and receive text messages worldwide, including a delivery confirmation from the satellite.

VIRTUAL KEYBOARD WITH PREDICTIVE TEXT

Virtual keyboard with predictive text makes sending free-form text messages possible without pairing inReach to a mobile device.

INTERACTIVE SOS COMMUNICATIONS

Interact with the search and rescue monitoring center to communicate the nature of your distress and stay in touch throughout the rescue process.

*Email, SOS and Tracking functions work anywhere in the world; SMS availability may vary by country.

WE HAVE GREAT PLANS FOR YOU.

FLEXIBLE PLANS FOR BOTH YEAR-ROUND AND MONTHLY USE

An active satellite subscription is required to use inReach, and we offer two categories of plans: annual 12-month contracts with lower monthly fees or freedom plans, which require only a 30-day commitment.

ANNUAL CONTRACT PLANS

Our annual plans offer lower monthly fees and are ideal for people who either plan on using their inReach all year long, or who want the peace of mind of having a continuously active SOS device.

- Ideal for year-round use and peace of mind.
- 12-month contract.
- Lower monthly fees.
- Move up a plan at any time for free.
- Initial account activation fee of \$19.95.
- Move down a plan at any time for \$24.95.

NEW! FREEDOM PLANS

Our freedom plans allow you to pay for satellite airtime service when you need it on a rolling monthly basis. You can change plans, up or down, or suspend your service at no charge.

- Ideal for seasonal or occasional use.
- Move up or down a plan for free.
- Suspend your service when you don't need it.
- Keep all your account data, tracks and details when suspended.
- Minimum 30-day commitment.
- Annual freedom program fee of \$24.95.

Text Messages — any that you send and receive using an inReach SE or via Earthmate on a companion device.

Preset Messages — short, commonly-used messages that are set up in your Explore account and pre-loaded to your inReach ahead of time.

Location Pings — when you provide a link to your MapShare page for others to view your location, they can also proactively “ping” your inReach to see your location between routine tracking intervals. This provides peace of mind to anyone wanting to get a location update from your inReach device without waiting on the next tracking update.

Important Subscription Details

Billing occurs monthly with all plans. These subscription plans are exclusively for U.S. and E.U. based activations by individual consumers and small businesses activating less than 10 inReach devices. Overage are charged for any text message, tracking points, and location pings that exceed what the user's plan allows.

Annual plans require a 12-month contract. There is a one-time \$19.95 subscription activation fee. Moving up a plan is free, and moving down a plan incurs a \$24.95 fee.

Freedom plans require a minimum 30-day commitment and you can move freely up and down a plan at no charge. When going up a plan, a minimum of a 30-day commitment to the new plan is required. You can suspend your service on a monthly basis at no charge and still retain access to all your inReach data stored on the Explore portal. Your selected plan will auto-renew each month unless you make a change on your account in the Explore portal. There is an annual program fee of \$24.95 to enroll in a Freedom plan.
